**May 2024**

**SPONSORSHIP FOR ENVIRONMENTAL ENFORCEMENT PROJECT  
LEGAL FELLOWSHIP  
STARTING FALL 2025  
WASHINGTON, DC, OAKLAND, CA, or REMOTE**

**Public Justice** is a nonprofit legal advocacy organization that takes on the biggest systemic threats to justice of our time—abusive corporate power and predatory practices, the assault on civil rights, and the destruction of the Earth’s sustainability. It connects high impact litigation with strategic communications and the strength of our partnerships to fight these abusive and discriminatory systems and win social and economic justice.

Our Environmental Enforcement Project (EEP) invites rising third-year law students and law graduates to apply for an opportunity to work with us as a legal fellow on cutting-edge litigation and advocacy related to access to the civil court system. We seek to host a candidate to apply for one- or two-year public interest fellowships from funders such as Skadden, Equal Justice Works, and/or Justice Catalyst to begin in the fall of 2025.

#### **Overview of Environmental Enforcement Project**

The Environmental Enforcement Project is a national leader in using citizen suits to enforce federal statutes protecting environmental quality and human health. Our clients and partners include prominent and recognized advocates such as The Sierra Club, Southern Environmental Law Center, The Center for Biological Diversity, and others, as well as labor unions and community organizations.

For more information about the litigation and advocacy work of the Environmental Enforcement Project, visit our website [here](#).

#### **The Fellowship**

Consistent with their funded project, the Fellow would work on litigation and advocacy with EEP’s attorneys, as well as a network of lawyers who collaborate on Public Justice’s work, other public interest groups, and our communications staff. The Fellow would also be responsible for conducting intakes and helping develop materials to educate the public and the bar about their work. We are particularly interested in hosting a Fellow whose focus is on Concentrated Animal Feeding Operations, Clean Water Act enforcement, and oil and offshore gas and exploration. This is an exempt position and will report to a Senior Attorney or Staff Attorney. We will work closely

with the selected candidate to craft an appropriate project proposal for fellowship applications. Employment is contingent upon the receipt of funding from Skadden, Equal Justice Works, Justice Catalyst, or a similar funder in an amount no less than \$50,000 per year.

Studies have shown that members of marginalized groups tend to underestimate their qualifications and are less likely to apply for jobs unless they believe they meet every single one of the qualifications in a job description, despite the reality that applicants rarely ever meet 100% of the qualifications. We are committed to building a diverse and inclusive organization and are most interested in finding the best candidate for the role. That candidate may come from a background less traditional to our field of work, and that’s okay! We strongly encourage you to apply, even if you don’t believe you meet every one of the qualifications described.
